

Electronic Policy Delivery Guide

Accept your Protective Life policy online

Congratulations on purchasing a Protective insurance policy. You'll receive your new policy through our Electronic Policy Delivery (EPD) system. There, you'll be able to access your online policy 24/7, review and sign any necessary documents, make premium payments and download your policy records.

View your electronic policies

Once your policy is issued, you'll receive an email and/or text message with a link to our secure Customer Service Center where you can access your life insurance policy and other related information.

After you have registered your account, you'll be asked to review and electronically sign any applicable documents. If you have any changes or questions, simply click "Changes or Questions" and contact your financial professional.

If needed, you can make your first premium payment online and, if applicable, set up recurring monthly payments.

Then, download your policy for safekeeping and printing.

You'll need to complete the electronic delivery process within 30 days of receiving your email notification. Otherwise, a paper policy will be mailed to you.
