

SecurePay NHSM

Flexibility and security when you need it most

Did you know that 70% of 65-year-olds will need some type of long-term care at some point in their lives?¹

And they may not even realize those expenses aren't covered by Medicare. The costs associated with chronic illness can have a significant impact on your retirement savings, making it critical to find solutions to help plan for the unexpected.

Let's look at how a solution from Protective can help:

Meet Nora | Age 60

Seeking a guaranteed income source to help cover health care costs in retirement

Age 60

She invests \$100,000 in a Dimensions V variable annuity with the optional SecurePay IncomeSM protected lifetime income benefit.

Age 67

She retires and elects to begin income with a \$9,795 annual payment.

Age 70

She experiences a medical incident and elects to nearly double her annual payment after qualifying for the SecurePay NHSM benefit. She then receives \$16,057 to help with expenses as she recovers over the next 5 years.

Nora's annual benefit with and without the nursing home enhancement.

\$100,000

Initial purchase payment

\$160,578

benefit base after 7 years of deferral

x 6.10%
withdrawal percentage
(based on single life basis)

= \$9,795
guaranteed annual income amount
with SecurePay Income benefit

\$160,578

benefit base after 7 years of deferral

x 10%
maximum withdrawal percentage
(based on single life basis)

= \$16,057*
guaranteed annual income amount
with nursing home enhancement

This hypothetical illustration is for illustrative purposes only and is intended solely to demonstrate the features of the Protective Dimensions V Variable Annuity with the SecurePay Income lifetime income benefit. It should not be deemed a representation of past or future performance or a guarantee of future results. Rates of return may vary. Investments will fluctuate in value and may be worth more or less than their original cost when redeemed. Actual values may be higher or lower than those shown. Assumes a one-time \$100,000 investment at age 60 with an income deferral of 7 years resulting in a single life withdrawal rate of 6.10% annually. Monthly payment amount was calculated using a hypothetical variable rate of return (0% gross average rate) which, under the terms of the SecurePay Income rider, resulted in a withdrawal benefit base of \$160,578 upon election at age 67. Once elected at age 70, the SecurePay NH rider resulted in a single life withdrawal rate of up to 10% for 5 years. Your financial professional can provide a full hypothetical illustration upon request for a more detailed description of the scenario depicted in this material.

Because Nora chose to add an optional income benefit with SecurePay NH to her variable annuity she will receive an increased annual benefit withdrawal amount for up to five years, helping to ease the cost of her nursing home stay.

* Assumes the qualifications for SecurePay NH continue to be met. Otherwise, annual withdrawal amounts revert to the level attained prior to starting SecurePay NH withdrawals.

The chart is hypothetical and intended solely to demonstrate how SecurePay NH can increase benefit withdrawal amounts. It is not indicative of the performance of any subaccount, does not reflect any actual account values, nor does it reflect any fees associated with Protective Dimensions V variable annuity.

Increased annual benefit withdrawal amounts to help meet nursing home expenses

Available at no additional cost with Secure Pay Income benefit, this nursing home enhancement can increase your benefit withdrawal percentage to a maximum of 10% should you become confined to a nursing home for 90 consecutive days.

To qualify for SecurePay NH, you must:

- Be confined to a qualified nursing care facility
- Be unable to perform two out of six specified Activities of Daily Living (see inset) or be diagnosed with a severe cognitive impairment
- Have not been in a nursing home one year before and after purchasing an optional protected lifetime income benefit

Activities of Daily Living:

Bathing | Dressing | Toileting | Transferring | Contenance | Eating
