

Protective® Dimensions V Variable Annuity

# Take a turnkey approach with Protective allocation portfolios

Available during accumulation and distribution, the allocation portfolios available with Protective Dimensions V variable annuity offer diversification across asset classes and fund managers. The portfolios have varying levels of equity exposure to align with your clients' investment goals. Allocation portfolios are static allocations consisting of available investment options and are not actively managed. Your client's portfolio will be rebalanced to the target allocation at the frequency selected on their application (annually, semi-annually, quarterly, or never).
